

Mr. W. H. M. Stover, President  
Leadership Training Institute of D. C.  
820 Thirteenth Street, N. W.  
Washington 5, D. C.

Dear Mr. Stover:

Your letter of 6 February 1959, to the Director of  
Central Intelligence has been given to me for reply.

The Agency has been interested in the development and  
enactment of Public Law 85-507, and completely agrees with  
the essential spirit of the law as cited in your letter.  
Thanks to special legislative provisions, the Agency has  
long enjoyed the benefit of utilizing the best of the train-  
ing available from outside the Government, and we are happy  
to see that similar opportunities are being afforded other  
departments of the Government.

In closing, permit me to express the Agency's thanks  
for your interest.

Sincerely,

 25X1A9a  
Acting Director of Training
